Wholesale Trade List

FOR NURSERYMEN, FLORISTS
AND DEALERS

March 4, 1932

The Willis Nursery Company

Established in 1872

Long Distance Phone 25

OTTAWA, KANSAS

ANNOUNCEMENT

We are presenting here one of the most complete assortments of nursery stock offered in the Southwest. If you do not find listed what you want, let us know because sometimes we can supply items not listed.

We have two large, modern storage houses and excellent shipping facilities. Prompt shipment is a feature of our service.

Ottawa is 60 miles southwest of Kansas City on the Santa Fe and Missouri Pacific railroads and on Federal highways 73W and 50S. Visitors are always welcome.

On large orders we can often give special discounts. Send us your list of wants for quotations.

Terms and Conditions of Sale

PRICES in this list cancel all previous prices and are subject to change without notice. For long and much-assorted orders calling for only a few plants of each kind, it will be necessary to make an additional charge of 10 to 25 per cent. Orders should be made for 10's or multiples of 10 of a variety.

TERMS—Regular terms to those of known responsibility; otherwise cash or security before shipment. Orders for C. O. D. shipment must be accompanied by one-third cash. Packing is charged for at cost in all instances, except bulk carload shipments for which we make no packing charge. Interest charged on past due accounts.

GRADING—We employ the standards of the American association of Nurserymen in grading our stock.

SHIPPING—Please tell us how to ship your order, whether by freight or express, stating the route if you have a preference. In the absence of definite instructions we will forward it the way we think best, without assuming responsibility. All shipments travel at the expense and risk of the purchaser.

TRUCK DELIVERY—Truck service to many points is now available; usually faster than freight and the rates are the same. Write us for further information regarding this service.

Many customers prefer to send their own trucks for their stock. This arrangement is very satisfactory because it saves handling, and eliminates packing expense. Please notify us a day or two in advance of your coming so we can have your stock ready for you.

NON WARRANTY—We give no warranty, express or implied, as to quality, life or productiveness of stock we sell. It is mutually agreed that our liability for stock proven untrue to name shall be limited to replacement or refund of original purchase price. All contracts subject to crop.

CLAIMS—All claims for any cause must be made immediately upon receipt of goods. We will not entertain claims which are filed after goods have been accepted or which are not made within five days after arrival of stock.

HONEYSUCKLE HECKROTTI

The best everblooming vine. In bloom constantly from early summer until killing frost; showy flowers, bright-red outside; outward curving petals show the bright yellow of the inside. Can be trimmed to make a compact shrub; also useful as a ground cover and for covering trellises, arbors, etc.

This superior plant is now available in quantities for the first time.

FRUIT TREES AND PLANTS

Caliper governs in the grading of all fruit trees. Heights given are averages and only approximate. Some shorter growing varieties will fail to make heights specified.

Write for special prices on large quantities of fruit trees and plants.

VISITORS are always welcome at the Willis Nurseries. We have two large storage houses, an extensive propagation plant, and hundreds of acres of nursery stock comprising one of the most complete assortments in the middle west. Our location is 60 miles southwest of Kansas City on the Santa Fe and Missouri Pacific railroads and on Federal Highways 73 W and 50 S. Come any time convenient to you, We will be glad to show you around.

Memoranda.
